

PROFI manual projection screen

Description 2x3 Art. No: **EMPR**

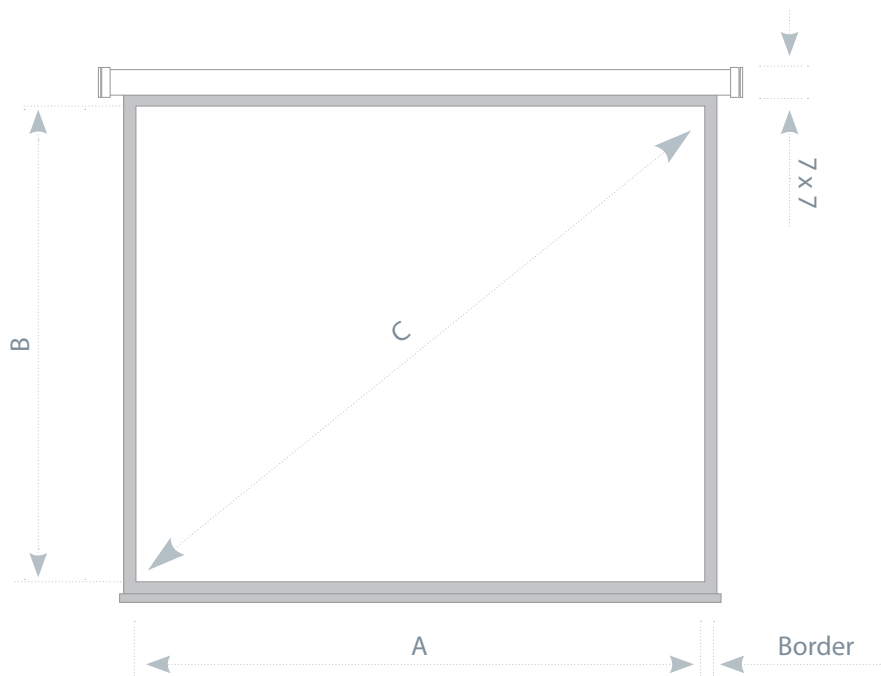

Characteristics: Projection screen, manual unwinding, easy to mount on a wall or under the ceiling. Matt White surface with black belt around increasing the contrast of the image. Has a silent spring powered wind back mechanism. Adjustable height as the winding can be locked at any moment. The canvas is wound into the special case which protects the screen against damage, dust and other unwelcome factors. The angle of view is wide what facilitates use in premises where the some of the viewers must watch the show at high angles. The top metal case makes the structure very durable.

Accessories: assembly elements.

Warranty: 2 years.
